

QUALITY POLICY STATEMENT

It is the policy of Harniss Ltd, to provide its customers with a high-quality service in management, Installation, testing, and commissioning associated with engineering of building and process services operations. The overall policy of the company is to provide the people, organisation, and resources to supply our customers with the products and services that satisfy their requirement in every respect, which meets the agreed contractual specifications and quality standards defined by the customer. Furthermore, it is Harniss Ltd policy to continually improve our quality by monitoring, measuring, and enhancing our Quality and Procedural Systems.

Implementation of the Quality Policy is the responsibility of every member of staff, starting with the Managing Director, who takes policy decisions, which enable the correct action to be implemented throughout the organisation. The Managing Director also acts as the Deputy of Quality and as such is responsible for maintaining the implementation of the Quality Policy.

The Quality Policy has the full support of Senior Management and, together with Quality Assurance Procedures, ensures that activities are controlled in a manner compatible with achieving required service levels and obligations effectively. It is mandatory that all staff adhere to the procedures in order to achieve a consistent approach to Quality assurance.
